### Course Description:

The 40-hour course provides HAZMAT Team members with the basic knowledge and skills to take appropriate offensive or defensive action that would require level A & B protection at an incident. Topics of instruction include: identification & classification of materials, selection of PPE, hazard & risk assessment techniques and advanced control & containment operations. Students will also acquire an understanding of basic chemical and toxicological behavior as well as how to function within the Incident Command System. Instruction will include classroom and hands on exercises.

### Student Criteria:

This course is open to all Emergency Management, Rescue, Fire, Emergency Medical, and Law Enforcement personnel or any organization having responsibility for mitigation of a hazardous materials incident. **Familiarity with SCBA is necessary. Students will need SCBA, mask and extra air bottle. Face shall be clean shaven in areas encountered by face mask seal.** Students must also not have any medical problems, which would preclude them from participating in hands on exercises and **MUST** be at least 18 years old to register for this class. Pre-requisites: HazMat Awareness and Operations class would be beneficial to the student.

### Special Notes:

Advance student registration is **REQUIRED** and must be received by **August 27, 2018** in order to participate in this course. You are considered accepted as a student in this class upon receipt of your application by this office so you will not receive a letter acknowledging that acceptance. Meals, lodging, and travel arrangements/expenses are the responsibility of the student and will **NOT** be reimbursed by KYEM unless otherwise noted.

### Registration:

Registration application for the course can be completed using the following link:
